WEEDS

**Kills
ALL TYPES
of weeds!**

- ✓ Chemical-free
- ✓ Easy installation
- ✓ Environmentally friendly

“ The WeedRoller is the best method for control of lake weeds. ”

Warren Anderson, Upper Gull Lake, MN

Chemical-Free

The WeedRoller is more effective than other weed removal methods, plus it's environmentally responsible. Rid the waterfront of troublesome weeds without the use of harsh chemicals or expensive harvesting services.

Safely-Powered, Economical

The flexible couplers follow the contour of the lake bottom. It converts 110 v current to 28-volt AC. The Smart Switch reverses the rotation and automatically shuts the equipment down if it encounters obstacles, thick weeds, or mucky lake bottoms.

Works in extreme conditions

Simply adjust the dock mounting brackets to assist to help when working in muddy or uneven lake bottoms. *A Mud Kit is also available.*

Share the Investment

Having a beautiful beach has never been easier. Team up with a neighbor to share the investment and share the reward. By using additional dock mounting hardware you can easily move the WeedRoller between locations.

Our swimming area is weed free!
Our guests really appreciate the improvement.

Geneva Beach Resort, Alexandria, MN

Wipe Out Weeds...Finally.

The WeedRoller moves in a slow, broad arc, pivoting more than 270°. Its linked rollers rotate along the lake bottom, detaching existing weeds and agitating the lake bed.

Ready for Installation kit includes:

- ✓ Drivehead
- ✓ 21' radius
- ✓ Power converter with 6' main power cord.
- ✓ Universal dock hardware, for support legs of 2" diameter or less.
- ✓ 70' power cord (from converter to power head)
- ✓ Smart Switch
- ✓ Auto reverse feature senses heavy weed or muck conditions and reverses rotation to avoid getting stuck.
